

Arlon Sealant Tapes –

AST — Arlon's single sided foam tape, used for applications in skylights, windows and doors. Manufactured with the same quality standards as our double-sided glazing tape, AST features an aggressive acrylic adhesive to adhere to a wide variety of substrates.

Other Products for the Fenestration Industry

Shipping Pads –

Arlon shipping pads are designed to protect windows and insulated glass units during transport and storage. Specially treated foam and clean-removing adhesive ensures that no adhesive residue remains on the window. Shipping pads are available with either a standard or low-tack adhesive.

Industrial Tapes –

- Double & Single-coated foam tapes
- Polyester & Paper tapes
- Transfer Adhesives
