CALWRAP™ + FLITE™ TECHNOLOGY

Challenging the perception of polymeric wrap films, CalWrap™ is a high performance polymeric wrap film that features FLITE Technology™ providing ease of use and efficiency. After a lite initial contact, CalWrap will develop a quick anchor tack to speed up your single installer installations whether you are wrapping a single vehicle or a full line. Expect high-quality vehicle graphics across a breadth of print systems such as Eco-Solvent, Solvent, UV, and Latex. To ensure a successful vehicle wrap application, please read through Arlon's CalWrap Installation Guide.
