

## DPF 4300

DPF 4300 is an intermediate multi-purpose print media film featuring a removable adhesive. The Easy On, Easy Off features include a robust face film that is thick enough to be easily applied without an overlamine. DPF 4300 offers flexibility and high opacity for covering previous graphics as well as providing good resistance to scuffing, tearing and abrasion to help protect your graphics. DPF 4300 is a great solution for your applications requiring a removable adhesive from multiple substrates.
