DPF 8000 ULTRA TACK

DPF 8000 Ultra Tack is the perfect film when your projects encounter challenges due to an uncontrolled surface or substrate. DPF 8000 Ultra Tack is the ultimate premium film for hard-to-stick surfaces. A durable film combined with a high tack adhesive system allows you to use one film for all of your difficult projects from plastic dirt bikes to textured substrates. Apply DPF 8000 Ultra Tack with heat on textured substrates and it will conform to slight contours and textures easily. Match up DPF 8000 Ultra Tack with one of our many overlaminate options to customize the finish of your hard-to-stick surface projects.
