R104

R104 conspicuity tape is designed for trucks, trailers and other vehicles requiring conspicuity marking mandated by the ECE 104 Regulation. R104 offers bright colours with excellent long range that enhance reflectivity in low light or poor weather conditions. Your fleet will have night-time recognition and added safety while on the road. R104 is quick and easy to apply with a strong adhesive that will securely adhere to trucks and trailers. R104 will withstand most industrial cleaning processes, including high pressure power washing. The added durability and resistance to peeling will ensure a continual compliance. Making safety a priority will result in fewer accidents creating less downtime for fleet repairs, saving thousands on repair costs.

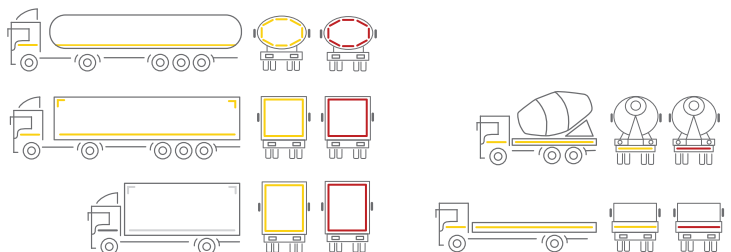

Performance & Physical Data

Durability:	7 Years
Roll Widths:	50 mm
Roll Lengths:	50 m
Adhesive:	High Tack Permanent (Clear)
Release Liner:	Lay-Flat Polycoated

Unique Features:

- ▶ Certified for Regulation ECE 104 Class C
- ▶ Easy and Quick to Apply
- ▶ Durable and Impact Resistant ensuring Continual Compliance
- ▶ Bright Colours Enhancing Visibility in Poor Weather Conditions
- ▶ Excellent Long Range Visibility
- ▶ Resistant to Industrial Cleaning Processes, including Power Washing
- ▶ Featuring Prismatic Technology

Rear and Side Markings:
