

ARLON

AR05

The AR05 from the Comfort Series is designed to elevate your driving experience by providing exceptional comfort and protection. This film is perfect for drivers who prioritize a smooth, enjoyable ride while ensuring their vehicle remains protected from the sun's harshest effects. With its focus on comfort and reliability, the AR05 delivers a balanced solution for those seeking a more pleasant and stress-free driving environment.

Unique Features:

- It has high solar heat/infrared ray rejection.
- It blocks 99% of Harmful UV Rays and provides protection against the sun's most unwelcome side effects.
- It is non-conductive, compatible with GPS and radio signal devices
- It provides a more comfortable driving experience by cutting down hazardous Glare.
- It is backed by ARLON Manufacturer's Warranty Program.

Applications:

- Side Windows and Back Window
