

ARLON

U70 & U20

For customers who prioritize safety and durability, the U Series provides enhanced protection with its thicker film, making it the ideal choice for high-security applications. U70 and U20 Auto Window Films are designed to enhance your driving experience by highlighting safety, and at the same time providing durability and visual clarity. These films provide a premium solution for vehicle owners seeking superior performance without compromising on comfort or style. Whether you're looking to improve safety, maintain a sleek appearance, or ensure long-lasting performance, U70 and U20 deliver exceptional results for a wide range of automotive applications.

Unique Features:

- Safer with thicker films
- Uniform and durable color appears
- Optically clear to guarantee visual comfort
- No electric signal jamming
- Good weatherability and aging resistance
