

ARLON

SERIES 3220 GLOSS

Advertising at all angles is now possible with select Arlon overlaminates!
Series 3220 Gloss and Series 3420 Gloss are now approved under UL 410 regulation for slip-resistance as an interior floor graphic material*. When paired with either DPF 4600GLX/MLX, DPF 8200 High Tack, or DPF 510 GT/MT/GTR/MTR, this media and overlaminate combination can now produce more applications than you imagined.
