Arlon Expands Distribution Partnership with EM Plastics

Placentia, California – March 26, 2015 – Arlon is pleased to announce the expansion of our distribution partnership with EM Plastics, now distributing Arlon's Automotive Films. EM Plastics will offer Arlon's full range of automotive films, including both Ultimate PremiumPlus™ and PerformancePlus brands across multiple locations throughout Canada. EM Plastics has been a strong partner for Arlon Graphic's traditional product lines and Arlon is excited for the continued growth of our partnership with the automotive products.

"Arlon is thrilled to expand our long time relationship with EM Plastics," states Chad Russell, Director of Sales, Arlon Graphics, LLC. "This partnership will make the world's fastest growing automotive aftermarket color change film available to the mass market in Canada for the first time. The global restyling market is rapidly expanding and EM Plastics will be a great partner for Arlon and the Ultimate PremiumPlus and PerformancePlus brands."

About Arlon Graphics:

Arlon manufactures a complete range of automotive grade films designed specifically for use in vehicle restyling. These films are ultra-conformable and easy to install which allows them to perform and look like paint. Arlon offers the industry's top selection of finishes for all of your vehicle color change needs including; Ultra Matte, Metallic, Sparkle Effect, Matte Effect, Pearlescent, Carbon Fiber and Brushed Metal finishes. Arlon is headquartered in Placentia, CA, with strategically positioned distribution out of Australia, Europe, India, Latin America, the UK and Uruguay to service our customers worldwide.
